Chapter 1. Caveman Keto Almond Buns

Ingredients

- 3/4 cup almond flour
- 1 heaping tsp baking powder
- 1/2 tsp Truvia or other sweetener
- 1/4 tsp salt
- 2 eggs
- 1/4 cup melted butter
- 1 tbsp water

Steps

1. Preheat oven to 350
2. Leave two eggs out on the counter to reach room temp, if you're in a pinch, warm them up in a bowl of warm water for a few minutes.
3. Take the dry ingredients (almond flour, baking powder, sweetener, salt) and combine them in a bowl.
4. Add the warm eggs, melted butter, and water and give it all a good whisk.
5. Grab a muffin tin or preferably a muffin top pan and pour out the batter evenly, this recipe makes approximately 6 servings in a muffin top pan.
6. Bake at 350F/175C for approximately 15 minutes or until golden brown, and you're done-ski. Burgers, pulled pork sandwiches, and eggs benny await in all their keto glory.

Chapter 7. Fathead recipe

General purpose dough

<https://www.ditchthecarbs.com/fat-head-pizza/>

1 3/4 cups pre shredded/grated cheese mozzarella is the best or Edam/mild cheese 3/4 cups almond meal/flour 2 tbsp cream cheese 1 egg pinch salt to taste 1/2 tsp dried rosemary/ garlic or other flavourings optional your choice of toppings such as pepperoni peppers, cherry tomatoes, olives, ground/mince beef, mushrooms, herbs etc

Instructions

1. Mix the shredded/grated cheese and almond flour/meal in a microwaveable bowl.
2. Add the cream cheese. Microwave on HIGH for 1 minute.
3. Stir then microwave on HIGH for another 30 seconds.
4. Add the egg, salt, rosemary and any other flavourings, mix gently.
5. Place in between 2 pieces of baking parchment/paper and roll into a circular pizza shape (see photos above). Remove the top baking paper/parchment. If the mixture hardens and becomes difficult to work with, pop it back in the microwave for 10-20 seconds to soften again but not too long or you will cook the egg.
6. Make fork holes all over the pizza base to ensure it cooks evenly.
7. Slide the baking paper/parchment with the pizza base, on a baking tray (cookie tray) or pizza stone, and bake at 220C/425F for 12-15 minutes, or until brown.
8. To make the base really crispy and sturdy, flip the pizza over (onto baking paper/parchment) once the top has browned.
9. Once cooked, remove from the oven and add all the toppings you like. Make sure any meat is already cooked as this time it goes back into the oven just to heat up the toppings and melt the cheese. Bake again at 220C/425F for 5 minutes.
